

Spring Planning:

Literacy and Numeracy will follow the National Curriculum.

Science: We will be looking at Animals including humans; this is a Biology strand which looks at how our bodies work.

After half term we will be looking at Light. This includes studying the eyes, colour and reflection.

R.E: We are studying the 'Trinity. This is a difficult concept to tackle so we will be looking at the idea in different ways. We will also think about what we know about Jesus leading up to the Easter period and after and why this is important to Christians. Important events in other religious calendars are also researched.

Art and D.T: This will fit with all topics but include clay work, cooking and designing using various materials.

Music: With Mrs Strudwick.....Victorian Music Hall and street cries, sounds fun!

P.E/Games: We will be swimming this term at the Oasis in Hunstanton. Winter games (weather permitting) plus gymnastic work in the village hall.

History & Geography: Ernest Shackleton is our start this term, we will be planning our own adventure which will be cross curricular. We will then be exploring Crime and Punishment and all its off shoots. e.g. formation of the police, prison reformers (Elizabeth Fry,) this will incorporate going back in time both in this country and to some ancient civilisations, mainly Greece.

I.C.T: Used cross curricular. Also continue to work with the Scratch computer programme.

MFL: Continue to expand our knowledge of French and writing it.
