

Dear Parents,

Welcome to the summer term .

This term we will be following a topic on The Carnival of Animals.

In science our focus will be on minibeasts .

PE will mainly be outside, so please ensure your child has trainers in their PE bag.

The areas of study for maths this term are

Number and fractions
Addition and subtraction
Shapes and measure
Multiplication and division
Money and place value
Addition and subtraction
Measures shape and date
Multiplication and division
Addition and Subtraction
Fractions and time.

Year 2 should be able to tell the time at 5 minute intervals by the end of Key Stage 1, so this is certainly something you can work on together at home.

Year 2 children will be completing their SATs tests during May. Here is the schedule

May 16th Spelling, Punctuation and Grammar

May 17th Reading

May 18th Reading

May 23rd Maths

May 24th Maths

Thank you to everyone who has helped in class and for the excellent support you give your children at home with their home learning pieces. Anybody who would like to join us this term will be most welcome and your support invaluable as some of our regular helpers are no longer with us. To help in the morning please ask your child to put their completed homework in the marking tray and put their reading book if it needs changing into the grey tray provided. This will ensure our Teaching Assistant can spend more time helping teach rather than sifting through book bags.

Regards

Beth King
