

## Autumn Planning:

Welcome back...I hope you all had a wonderfully fun filled summer break and are ready for lots hard work!!

Literacy and Numeracy will follow the National Curriculum.

Science: For the first half term we will be looking towards the skies! We are exploring the Planets and Space. In the second part of the term we are thinking about Forces, how they work and maybe affect us!

R.E: We will be thinking about 'Big' questions...asking and discussing them, (this will be a multi faith topic). After half term we will also be thinking about and exploring the Nativity (Christmas story.) Thinking about the times and the people involved, looking at the story from different viewpoints.

Art and D.T: This will continue to fit in with all curriculum topics.

Music: With Mrs Strudwick...

P.E/Games: Winter games (weather permitting) plus gymnastic work in the village hall.

History & Geography: This term we are going to start by going back to WW2, looking at Europe at this time and thinking about the Battle of Britain. We will encounter various famous people and discover what life might have been like both at home and abroad.

I.C.T: Used cross curricular. Continue to explore the Scratch programme and Computational Thinking and Creativity.

MFL: Continue to expand our knowledge of French.
