

3/4 Sportshall Athletics Open Competition

It was the first time 3/4s had taken part in an event like this and what an experience it was too. There were 10 schools, including Sandringham competing for a place in the County Finals at Norwich. Each track event had to have 2 heats therefore every race was timed to give an order of placings for points purposes, no one really knew how they were doing until the final positions were announced at the end. Sandringham, were 1 of only 3 small schools to have entered but they performed and conducted themselves brilliantly. They all tried their very best, supporting each other and will undoubtedly learn from this experience but more importantly they had fun and enjoyed themselves. In both the girls and boys competitions they were the highest placed small school finishing in 4th place overall.

It was a fantastic achievement, well done EVERYONE!!!
