- Final certificate assembly 24th July 11.00am
- School closes 12pm on 24th July

Dear Parents, Children and Staff, welcome back, I hope you all have enjoyed the half term holidays. I can hardly believe we are starting the last half term of the school year. Look out for transition day dates.

Our New HMI Maths Project

Our next HMI project will focus on Maths skills, specifically problem solving and reasoning. We will be launching this with a Calculation Café for all on June 7th at 9.15am. You are welcome to attend your child's maths class and see problem solving and reasoning skills in action, followed by a maths calculation café at the end of the school day in the village hall, where children, supported by staff will demonstrate how maths is done in school. Come along and have a go!

Well done to year 2 and 6

Well done to all children in years 2 and 6 who have been taking their SATS tests. Results will be included in the end of year reports, coming out to you on July 13th.

Forest Schools

We are excited by the launch of our forest schools initiative which starts this week.

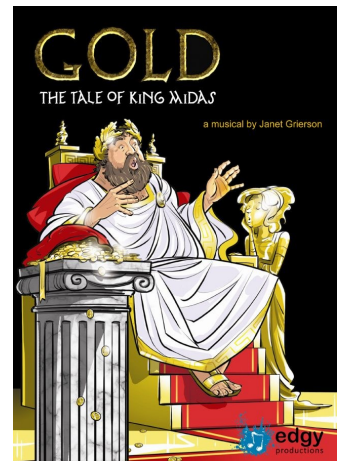

Year 6 Sailing

Year 6 will start a sailing taster course at Snettisham this half term as a post SATS treat for 3 weeks.

Parent Forum

Thank you to everyone that attended our parent forum before half term. Minutes will be circulated. Our next meeting will be after school in September to hopefully allow more parents to attend who cannot make mornings. We will arrange a crèche facility for your children to be looked after.

Don't forget our school production in July. 3rd/5th/6th July

Office support

Our very talented Mrs Birrell, will start working across our two schools from this week, but don't worry, our office hours will be covered by Mrs Marsen and Mrs Mountain on the few sessions Mrs Birrell is at Flitcham.

Gardeners wanted

Any talented gardeners who would like to share their skills with the children would be welcome in school, to run a gardening club at lunchtime.
