

SEA HENGE

THIS IS A POWER POINT MADE AND PRESENTED BY HENRY MCLEISH

HOW SEA HENGE WAS FOUND

- IN 1998 THE FANTASTIC SEA HENGE WAS FOUND WHEN IT WAS UNCOVERED FROM THE SAND IT HAD BEEN PRESERVED IN PEAT.
- THE TIMBER CIRCLE DATED BACK TO THE EARLY BRONZE AGE.
- IT WAS DISCOVERED ON A MODERN BEACH BUT IT WAS MADE ON A SALT MARSH.

was just
discovered

HOW IT WAS BUILT

We can not be certain what it was used for but archaeologists think it was used for a burial site

People realised over a short period of time that the entrance would have been sealed.

Sea henge was built by people living near salt marshes 4000 years ago people lived in little communities.

The people that made sea henge used every day items such as kives and arrow heads.

MY VERSION OF SEA HENGE

I MADE THIS FROM STICKS I SAWED UP IN MY GARDEN
